You are making a big difference with your prayers and gifts! People are spiritually hungry and we see God's Word having an impact in their lives daily. Here are some testimonies from LEO students studying by mail or through the internet. God is at work in exciting ways in their lives!

Just this morning, we sent the third diploma to a student from the Amazon area of Colombia South America! **Pedro** completed 42 lessons through the LEO web page www.ednetusa.com. **Daniel** from Canada also completed 3 courses and has started on his fourth one! Other students from Mexico, Chile, Aruba, TX, WA, MN, NE and MD are thankful for these Bible study resources they can use to grow and mature in their faith. We see God using this electronic vehicle to help believers looking for Bible training and to give excellent tools for teachers, evangelists and church planters. Gabriel is a Bible Correspondence student who lives in Bridgeton, NJ. He loves to study God's Word! He writes, " Yes, Jesus has come to live in my heart! Every day I wake up I thank Jesus for such a good day. I am happy to walk the way of living for Christ. I would like to thank you for helping me understand the Bible better and to live in Christ. I am happy that I can understand and know Him as my Savior. Reading the Bible helps me to build my faith in the Lord and to keep Him first in my life and heart. God bless you and thank you!"

Bernice writes, "I give God the glory for sending you my way. Just like you are helping me, I'm praying and encouraging young women in jail. I send them Bible trivia and other literature. I know the Lord saved me. And He can save others too. I let people know that my God does not have any favorite children. He loves them all the same and wants to help them. Keep praying that I will grow more in the Word of God. He gives me joy and strength!"

Paterson, NJ

Louis writes, "Thank you once again for helping me learn through these Bible courses. I understand more than ever before. I hope the mission of us telling the Good News never grows cold. I look for the coming of the Lord Jesus Christ to take me home. Until then, I strive to grow and improve myself. I still need a lot of work! So please pray for me to have wisdom so I can grow and bring people to the Lord. Also please pray for my health. I have AIDS. I keep all my lessons and look forward to finishing the fourth course. Thank you very much. God bless you always." With love and respect, Louis
