Blessings of the Harvest

LEO Church planting report from Mexico

Church Builds Energetically!

A family from the church in Aguascalientes, Arturo and Alicia, were moved by the Lord to give their one and only property as the site for the new church building. This couple's generosity moved others from the congregation to offer their skills so that the foundation was started immediately. The materials for this phase of construction are estimated to cost \$1,5000. By God's Grace, another family moved by the Lord gave \$500 of their savings to begin the work! Recently, the Chavezes heard that the Department of Public Works had plans to build a park across the street from the church. Families will come to this park to enjoy being together. This gives the church a great opportunity for public witness to those living in the area. Their prayer is that their testimony to the Light of the Gospel in this area of Aguascalientes will be bold and strong.

Church Grows Numerically!

Leonel says, "these events only serve to confirm that when God's at the center of our plans, the results are always better than we could ever ask or even imagine. We just thank the Lord for the opportunity to serve Him." The Lord has added a new family recently to the church that had recently moved to this city. Through some wonderful opportunities to witness to this family and to support them in this time of change, this family has become actively involved in the work. The Lord has also added new members to the congregation with the baptism of 6 new believers. There was great rejoicing in God's Grace as the congregation listened to the testimonies of how God worked in the salvation of these 6 people. Five of these baptized believers were the result of some Bibles that were lost and latter found in the home of unbelievers who were seeking the Lord.

Church Reaches Out Boldly!

By God's Grace, the results of the evangelistic outreach in December brought great joy! The homes in the neighborhood surrounding the new church building site were visited. Many Gospels of John were distributed. God uses His Word to make Himself known! Already, Leonel and his team have made return visits to a several of those families and some have received Christ. They give God the Glory as they see the Holy Spirit enlighten the minds of people to the truth of God's Word.

Their prayer now is for the harvest yet to be brought in and for their own responsibility to finish the task He's given to them. Being involved in the great work of serving the Lord produces joy! 2003 has been a year of numerical and spiritual growth in the congregation. There is also a growing unity in everyone's commitment to obey Jesus' command to go into all the world and preach the Gospel to every creature.

Thank you for your prayers for LEO Ministries and the wonderful work God is doing in Mexico through LEO staff, Leonel and Rosalba Chávez.

With Great Joy in the Lord!
