## Fruits of the Harvest

### LEO's MEXICO MINISTRY

#### Evangelistic and church-planting

Thank you for your prayers for LEO's evangelistic and church-planting ministry in Mexico through the Chavez family. This family shares some great and exciting things God is doing there...

*"The good news this week is that the Lord is drawing more and more souls to salvation by faith in Christ. Fourteen years ago we shared the Gospel message with a family in the city of San Luis de Potosí, and in time, the wife believed and was baptized ...*

*Two weeks ago we visited them again to say hello and the Lord opened another opportunity to share with her husband what God's Word teaches us about Salvation... and very sure of himself he answered me, "Leonel, I was born into the Catholic religion, like the rest of my family, and I will die a Catholic." To which I answered, "Are you totally convinced?" he responded only with, "...well..."*

*Later that week, on Thursday evening, I received a call at 10:30 p.m. and it was Mr. Luis asking me how he could received Christ as his personal Savior... we prayed together over the phone and promised to visit him the next morning. As we talked together, remembering how we'd first met, he shared with me how God convicted him... it was while on a business trip that someone gave him a tract full of verses that spoke of salvation by faith in Jesus and an invitation to make that life changing decision... his first reaction was one of profound respect for God and His Word. Then, Luis said, "He won!, Mr. Leonel..."*

*Thanks be to God, after 14 years, for spiritual fruit that is worthy of God for now this family's desire is to open their home to a group of believers to meet there for Bible study and prayer. And that encourages my heart because God has opened up another place in San Luis de Potosí for a strong and effective Christian witness. Pray for this new work that God is opening up. Pray for Luis and Estela Rodríguez and their desire to be witnesses for Him.*

*In Aguascalientes, God is bringing forth much fruit through the ministry of God's Word and we've had the joy of seeing new people come to Christ. We're also rejoicing for the 2 new families that have joined the church. We're also fighting the attacks of the evil one...however, our joy is complete and we thank God as we see His Spirit mightily at work!*

*We will be traveling to Reynosa. We ask for your prayers for the believers in that city, that a spirit of harmony would be restored so that the preaching of the Gospel be not hindered. Thank you for your constant intercession.*

... with great joy!!!

Leonel Chávez Rubio.
