Blessings of the Harvest

LEO Church planting ministry in Mexico

The Church is Strengthened through difficulties!

With your faithful prayers for our physical health and with the joy that comes from serving the Lord, I share with you some aspects of our ministry. We give thanks to the Lord because the Gospel is spreading in our midst. God is merciful and is granting our work to grow with a growth that comes from Him and brings honor and glory to His Name. We recently returned from a ministry trip to Reynosa where the enemy had distracted the focus of the believers. As a result of what God did during that visit, the believers were spiritually strengthened, their joy was restored and once again they are moving together with one heart.

PRAY: last week, our oldest Ana Raquel was rushed suddenly to the hospital because of appendicitis. Pray that God would restore her to health and strength once again.

In spite of the difficulties we face, we can say with enthusiasm that God's Word is not bound in any way, it continues to spread freely. We are preparing for an exciting week of evangelism and outreach during Easter week, April 4-11, 2004. This campaign will be carried out in Arteaga, where the work of God's Holy Spirit was manifested so clearly only a year ago. Along with our volunteer staff, we were greatly encouraged as we pray and plan for this outreach in Arteaga. Believers here in Aguascalientes are also filled with joy as they prepare to serve: some with their prayers and others as they travel with the evangelistic team but all of one heart and all committed to obey our Lord and Savior Jesus Christ command to *"...go into all the world and preach the Gospel to every nation..."*

PRAY for our volunteer staff who will be joined by LEO staff travelling from the U.S.A., i.e., Dr. Roy W. Anderson and Mr. Victor Quijano. In many cases, the travel involved can be dangerous and the distances travelled are long. So, pray for safety in travel and for the spiritual preparation of every team member and for the unbelievers who will hear the good news of salvation.

PRAY for the physical health of Moisés Domínguez, who will welcome us in Arteaga.

PRAY for the town of Arteaga, that God will open doors for the spread of the Gospel.

PRAY for the harvest of souls the Lord is preparing for our encouragement.

PRAY that team members would be edified through the ministry of God's Word.

Thank you for your prayers for this special project as we work to reach new families with the Gospel of Christ. You encourage us to excel and do our best for Him in the great work God has entrusted to us here in Mexico.

With Great Joy in the Lord!
